2W Solar LED Spike Garden Light 200Lm

Product codes:

Reference: 90640

Product features:

Power (W): 2
Color temperature CCT: 4500K
LED: SMD2835
Luminous efficacy (Lm/W): 100
Brightness (Lm): 200
Colour: Black
IP: IP65
Material: ABS
Operating temperature: -20ºC ~ +55ºC
Energy efficiency 2021: A++
Energy efficiency 2023: A
Lifespan: 25.000h
Certification: CE - RoHS
Warranty: 3 años

Product attributes:

Color temperature CCT (ºK): Natural white 4500K

Product description:

Solar garden spotlight with stake and PIR sensor Solar Garden Stake Light LED 2W 200 lm 4500K 2 Heads 360º PIR Sensor IP65

The with emits
(2W) in neutral white, with no electrical installation.
sensor, 2200 mAh battery, , ideal for lawns, pots, paths and terraces.

Protection

The **solar LED garden stake light** is an efficient, eco-friendly lighting solution, perfect for ground, lawns, flower pots and sand, **with no need for an electrical installation**. With two 360º adjustable LED heads, its 2W emit a powerful **200 lumens** at a 4500K colour temperature, ideal for lighting paths, terraces, patios and gardens.

Fitted with a **PIR sensor**, it switches on automatically when motion is detected, optimising the autonomy of its 2200 mAh battery. Its **IP65** protection rating and stake make it perfectly suited to a quick outdoor installation, resistant to rain and dust.

Why choose this product? **? 100% solar**

No electrical installation, stake for ground and lawn. **? 2 heads 360º, 200 lm**

Adjustable, powerful 4500K lighting. **? PIR sensor, IP65**

Motion switch-on, 2200 mAh battery, outdoor. Technical specifications Product type Solar LED garden stake light with PIR sensor Power 2W Luminous flux 200 lm Colour temperature 4500K (neutral white) Heads 2, 360º adjustable Power Solar (2200 mAh battery) Sensor PIR (motion) Protection IP65 Installation Stake (ground, lawn, pots) Advantages

- **100% solar:** no electrical installation.
- **2 heads 360º:** adjustable, 200 lm.
- **PIR sensor:** motion switch-on.
- **4500K:** neutral white, 2W.
- **IP65:** rain- and dust-resistant.
- **Stake:** for ground, lawn and pots.

Recommended applications ? **Lawns and gardens** — wiring-free lighting. ? **Paths and walkways** — night marking. ? **Terraces and patios** — adjustable heads. ? **Pots and flowerbeds** — planted stake. Installation guide 1 **Charge in the sun**
Expose the solar panel to daylight. 2 **Plant the stake**
Plant the stake in the ground, lawn or a pot. 3 **Aim the heads**
Adjust the two LED heads at 360º. 4 **Activate the PIR**

Switch on; the sensor triggers the light. Frequently asked questions **Is an electrical installation needed?**

No, it works on solar energy, without wiring. **Are the heads adjustable?**

Yes, two 360º adjustable LED heads. **How does it switch on?**
Automatically, thanks to its PIR motion sensor. ?
