Product description:

Outdoor Wall Light ROMA 1xGU10 Rust Red The **ROMA 1xGU10 outdoor wall light** is a decorative and functional lighting solution, ideal for both outdoor and indoor use thanks to its IP54 protection. Made of aluminum and lacquered in rust brown color similar to corten steel, this wall light perfectly adapts to modern and rustic environments.

Inside, the **ROMA wall light** includes a socket for a GU10 LED bulb (not included), allowing easy replacement of the lighting without changing the entire fixture. The front mounting makes installation quick and easy.

The transparent glass cover of the **ROMA wall light** emits light from the lower face, washing the wall and providing indirect ambient lighting. This design is perfect for creating cozy atmospheres on terraces, balconies, patios, and gardens.

Features of the ROMA Outdoor Wall Light
