

M15 Waterproof Connector Cable 30cm 3x0.75 for Magnum DOB LED Floodlight

Product codes:

Reference: 8200

Product features:

Colour: Black
Material: Thermoplastic
Certification: CE - RoHS
Warranty: 2 años

Product attributes:

Options: 2 connexions, 3 connexions, 4 connections

Product description:

M15 Waterproof Connector Cable 30cm 3x0.75 for Magnum DOB LED Floodlight - Secure Outdoor Connection
Waterproof and Secure Connection for Magnum DOB LED Floodlights

The **M15 waterproof connector cable** is the ideal solution for ensuring a reliable and secure outdoor electrical connection for your Magnum DOB LED floodlights. With a length of 30cm and a cable section of 3x0.75, this IP65 waterproof connector effectively protects against dust and water, ensuring optimal performance in any weather condition.

Versatile Connectivity with 2, 3, or 4 Connectors

This waterproof connector cable is available in 2, 3, or 4 connector configurations, offering versatility to suit different installation needs. Its robust design and easy installation make it perfect for outdoor applications where reliability is crucial.

Technical Specifications
