

30W RGB+CCT Smart WIFI LED Floodlight IP65

Product codes:

Reference: IWFP30W

Product features:

Power (W): 30
Power source (V): 220-240V
Color temperature CCT: RGB+CCT
LED: SMD2835
Dimmable: Sí, App Smart Wifi
Brightness (Lm): 2250
CRI: +80
Colour: Black
IP: IP65
Frequency (Hz): 50-60Hz
Power factor: 0.9
Measures (mm): 115x160x40mm
Material: Aluminum + glass
Operating temperature: -20°C ~ +55°C
Energy efficiency 2021: A+
Lifespan: 25.000h
Certification: CE - RoHS
Warranty: 3 años

Product attributes:

Color temperature CCT (°K): RGB+CCT

Product description:

Smart WIFI LED Floodlight RGB+CCT 30W - Controllable via TUYA App The **Smart WIFI LED Floodlight RGB+CCT** is the ideal solution for those looking for versatile and decorative outdoor lighting with full control from their smartphone. With a power of 30W, this floodlight offers maximum flexibility and customization through the **WIFI TUYA** app, allowing you to adjust both the intensity and color of the light from anywhere.

Equipped with a high-brightness **SMD2835 LED chip**, this LED floodlight generates a **luminous flux of 2250 lumens** with a wide beam angle of 120°, ensuring uniform and high-quality illumination. Its advanced **RGB+CCT** technology allows you to select from over 16 million colors, in addition to gradually adjusting the color temperature from a warm white of 2700K to a cool white of 6500K.

The **Smart WIFI LED Floodlight** is fully **dimnable**, allowing you to customize the lighting according to your specific needs. Thanks to the **WIFI TUYA** app, you can control the floodlight from your mobile or through voice control devices like **Google Home** or **Alexa**, providing a smart and convenient lighting experience.

Made of high-quality aluminum and glass, the **Smart WIFI LED Floodlight** is rated **IP65**, making it perfect for outdoor installations, resisting rain, humidity, dust, and dirt with ease. Its compact dimensions of 115x160x40mm allow for easy installation in any outdoor space.

Technical Specifications

- **Power:** 30W
- **Luminous Flux:** 2250 lumens
- **Beam Angle:** 120°
- **Color Temperature:** Adjustable from 2700K to 6500K (warm to cool white)
- **Colors:** Over 16 million RGB+CCT combinations
- **Material:** Aluminum and glass
- **IP Rating:** IP65 (suitable for outdoor use)
- **Dimensions:** 115x160x40mm
- **Control:** WIFI TUYA app
- **Compatibility:** Google Home / Alexa

Smart WIFI LED Floodlight RGB+CCT: Control Your Lighting with the TUYA App

The **Smart WIFI LED Floodlight RGB+CCT** is not only a powerful lighting device but also a tool for total light customization and control in your home or business. Thanks to the **WIFI TUYA** app, you can adjust the intensity, change the color, and schedule the lighting directly from your smartphone or with your voice, if synchronized with **Google Home** or **Alexa**.

The **WIFI TUYA** app allows you to create unique atmospheres for every occasion, from festive events to relaxing lighting in your garden. The ability to control multiple floodlights simultaneously from a single device makes it a perfect choice for large outdoor spaces or those seeking an integrated, high-tech lighting solution.

Uses and Applications of the Smart WIFI LED Floodlight RGB+CCT

- **Decorative Lighting:** Ideal for gardens, facades, patios, and any outdoor space that requires color effects and personalized ambiance.
- **Events and Celebrations:** Perfect for creating special atmospheres during parties, weddings, and outdoor events, with full lighting control.
- **Security:** Use the white light mode to illuminate paths, entrances, and access areas, enhancing security in outdoor spaces.
- **Flexibility:** Thanks to the app control, you can change the atmosphere of your outdoor space with a single click, adapting it to every occasion.
