

IBIZA 20W 3000Lm LED Solar Street Light with Motion Sensor

Product codes:

Reference: IL-FS20W

Product features:

Power (W): 20
Color temperature CCT: 4000K
LED: SMD2835
LED chip brand: EPISTAR
Brightness (Lm): 3000
CRI: +80
Colour: Grey
IP: IP65
Luminous angle: 120°
Measures (mm): 250x635mm
Material: Aluminum
Operating temperature: -20°C ~ +40°C
Energy efficiency 2021: A+
Energy efficiency 2023: A
Lifespan: 30.000h
Certification: CE - RoHS
Warranty: 3 años

Product attributes:

Color temperature CCT (°K): Natural white 4000K

Product description:

IBIZA 20W 3000Lm LED Solar Street Light with Motion Sensor The **IBIZA 20W LED Solar Street Light** is the perfect solution to efficiently and environmentally friendly illuminate your streets, gardens, parks, or any outdoor area. With its modern design and powerful lighting, it guarantees safety and visibility during the night while significantly reducing energy consumption. Main Features:

- **High Power LED Light Source:** Equipped with the latest LED technology, this street light offers a power of 20W and a brightness of 3000lm, ensuring bright and uniform lighting at all times.
- **Integrated Motion Sensor:** Its intelligent motion sensor detects any nearby activity and automatically activates the light, providing additional illumination when needed, making it an ideal option to enhance safety in public spaces.
- **High Efficiency Solar Panel:** The street light is equipped with a high-efficiency solar panel that captures solar energy during the day to power the integrated rechargeable battery, ensuring continuous operation even on cloudy days.
- **Natural Light Color:** With a color temperature of 4000K, it provides a natural and pleasant light that improves visibility without glare, ideal for a variety of outdoor applications.
- **120° Lighting Optics:** Its wide 120-degree lighting angle ensures even light distribution, covering a large area with a single street light.

- **Epistar SMD2835 LED Chip:** Equipped with a high-quality LED chip from the brand EPISTAR, it guarantees optimal performance and a long product life.
- **Compact Dimensions:** With dimensions of 250x635mm, this solar street light easily integrates into any outdoor environment without taking up much space.
- **Durability and Resistance:** Made with high-quality and durable materials, this street light is designed to withstand adverse weather conditions, ensuring optimal performance over time.
- **Easy Installation and Maintenance:** Its all-in-one design facilitates installation without the need for complicated wiring, and its low maintenance makes it a convenient and cost-effective long-term option.

Technical Specifications:

- Power: 20W
- Brightness: 3000lm
- Type of LED: Epistar SMD2835
- Color Temperature: 4000K (natural white)
- Material: Die-cast aluminum alloy
- Dimensions: 250x635mm
- Lighting Angle: 120 degrees
- Solar Charging Time: 6-8 hours
- Lighting Time: 8-10 hours (standard mode), 12-15 hours (motion sensor mode)
- Certifications: CE, RoHS

Package Contents:

- 1x IBIZA 20W LED Solar Street Light with Motion Sensor
- 1x User Manual

Invest in smart and sustainable lighting with the IBIZA 20W LED Solar Street Light. Add this product to your cart now and start enjoying efficient and eco-friendly lighting in your outdoor spaces.
