

3W Pocket Portable Mini LED Flashlight 150Lm 3xAAA

Product codes:

Reference: LT-LK3WBL-60

Product features:

Power (W): 3
Color temperature CCT: 6500K
LED: COB
Brightness (Lm): 150
CRI: +70
IP: IP20
Material: Aluminum + PC
Operating temperature: -20°C ~ +40°C
Lifespan: 20.000h
Certification: CE - RoHS
Warranty: 3 años

Product attributes:

Product description:

This portable pocket LED flashlight has a power output of 3W and a luminous flux of 150 lumens.

Its compact size makes it perfect for carrying in a bag, backpack, or pocket. It is lightweight and space-saving. It runs on 3 AAA batteries (not included) and features a high-brightness COB LED that can illuminate up to 22 meters. With an IP20 rating, it is not suitable for water activities.

Made of blue aluminum and polycarbonate, the bulb is resistant to shocks and accidental drops.

Color temperature: 6400K
Dimensions: 25x85mm
