Product description:

Recessed Outdoor spotlight for LED GU10 Bulb Durability and Design for Outdoor Lighting

The **recessed outdoor wallwasher spotlight** is a robust and stylish solution for illuminating outdoor areas safely. Made of **black ABS** with a cover in **stainless steel and glass**, it is designed to withstand impacts and pedestrian traffic, ensuring durability and functionality in any outdoor setting.

Easy Access and Versatility

It includes a **GU10 socket** (bulb not included) and allows easy bulb replacement from the top, thanks to the screws securing the cover. Also available in a round version under reference **1434**, to suit different styles and design needs.

Technical Specifications

- **Material:** ABS, stainless steel, and glass
- **Socket:** GU10 (bulb not included)
- **Dimensions:** 110x110x138mm
- **Cutout Size:** Ø85mm
- **IP Rating:** IP67 (resistant to rain, humidity, dust, and dirt)

- **Warranty:** 5 years

Product Advantages

- **Extreme Durability:** Designed to withstand pedestrian traffic and harsh weather conditions.
- **Easy Maintenance:** Top access via screws for quick bulb replacement.
- **Versatile Design:** Available in square or round versions to fit any environment.
- **Safe Installation:** Fully waterproof, protecting the interior from water and dust.

Applications and Uses

The **recessed outdoor bollard** is ideal for a wide range of outdoor applications:

- **Paths and Walkways:** Practical and discreet lighting for transit areas.
- **Gardens:** Highlights landscapes and decorative plants.
- **Entrances:** Ensures safety for pedestrian access.
- **Terraces and Patios:** Adds a modern and functional touch.

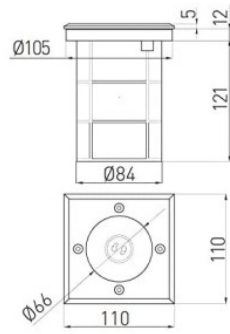

Package Contents

- 1 x Square recessed bollard
- Installation manual

Note: LED GU10 bulb not included. Requires recessed installation with Ø85mm cutout.
