Product description:

SENSA MINI Round Ceiling Light - White Color Compact and Versatile Design for Indoor Spaces

The **SENSA MINI ceiling light** is an ideal lighting solution for ceilings where recessed spots are not possible. Made from **white lacquered aluminum**, this surface-mounted light is characterized by its easy installation, allowing the bulb to be inserted effortlessly from the front.

Compatibility and Adaptability

Designed to house **50mm diameter dichroic bulbs** of any type, the **SENSA MINI** light adapts to your lighting needs. It does not include a socket, so if you wish to install **GU10 bulbs**, you will need to purchase the **ceramic GU10 socket accessory** separately.

Technical Specifications of the SENSA MINI Ceiling Light

- **Material:** Lacquered aluminum
- **Color:** White
- **Bulb Compatibility:** 50mm diameter dichroic bulbs
- **IP Rating:** IP20, suitable for indoor use

- **Dimensions:** 64x115mm
- **Warranty:** 5 years

Advantages of the SENSE MINI Light

- **Compact Design:** Perfect for ceilings where recessed spots cannot be installed, offering discreet and elegant surface mounting.
- **Easy Installation:** The bulb is inserted from the front, making maintenance and bulb replacement simple.
- **Versatility:** Compatible with 50mm dichroic bulbs of any type, adaptable for use with GU10 sockets (additional accessory).

Recommended Applications

The **SENSE MINI** ceiling light is ideal for a wide range of indoor applications, such as:

- Hallway lighting
- Decorative lighting in living rooms and entryways
- Commercial spaces where recessed lights cannot be installed
- Accent lighting in bedrooms and offices

The **SENSE MINI ceiling light** combines style and functionality in a compact, easy-to-install design, ideal for illuminating any indoor space with a modern and elegant touch.
