

Grey Garden Spotlight for GU10 LED Bulb with Spike

Product codes:

Reference: OS-DIEGOGU10-80

Product features:

Lampholder: GU10
Colour: Grey
IP: IP65
IK: IK06
Measures (mm): 98x320mm
Material: Aluminum + glass
Certification: CE - RoHS
Warranty: 3 años

Product attributes:

Product description:

DIEGO Garden Spotlight for GU10 LED Bulb with Spike

The **DIEGO GU10 garden spotlight** in gray is an elegant and functional solution for illuminating outdoor spaces. With an **IP65 rating**, it is water and dust resistant, making it perfect for use in any outdoor environment. Its compact design includes an aluminum spike that allows it to be driven into the ground, but it can also be installed on a solid surface or wall by easily removing the spike by unscrewing the base.

The fully adjustable base of the **DIEGO spotlight** allows you to focus the light on desired areas, creating spectacular lighting effects. With dimensions of Ø98x320mm (including the stake), it is made of die-cast aluminum and glass, ensuring durability and resistance.

Inside, the **DIEGO spotlight** is equipped with a ceramic socket for **GU10 LED bulb** (not included) and a terminal block for electrical connection. It does not include a connection cable to maintain the unit's waterproofing. For the electrical connection and bulb installation, unscrew the front of the spotlight and the GU10 base to access the terminal block. The electrical cable should pass through the cable gland at the back and connect to the terminal block.

Technical Data:

- Dimensions: Ø98x320mm (including the stake)
- Material: Die-cast aluminum and glass
- Color: Gray
- IP65 rating
- Adjustable base
- Ceramic socket for GU10 LED bulb (not included)
- Terminal block for electrical connection

Installation Instructions:

1. Unscrew the front of the spotlight and the GU10 base.
2. Access the electrical terminal block inside.
3. Pass the electrical cable through the cable gland at the back and connect to the terminal block.
4. Reassemble the front of the spotlight and the GU10 base.

Common Uses and Applications:

- Illumination of patios and gardens.
- Highlighting decorative elements in outdoor areas.
- Creating lighting effects in landscaped areas.
