

8W E27 G125 SMOKE FILAMENT LED Bulb

Product codes:

Reference: LD-G125FP8

Product features:

Power (W): 8
Power source (V): 220-240V
Color temperature CCT: 1800K
Color temperature CCT: 2700K
LED: Filament
Lampholder: E27
Brightness (Lm): 540
CRI: +80
IP: IP20
Luminous angle: 360°
Frequency (Hz): 50-60Hz
Measures (mm): Ø125x175mm
Material: Glass
Operating temperature: -20°C ~ +35°C
Energy efficiency 2023: F
Lifespan: 25.000h
Certification: CE - RoHS
Warranty: 3 años

Product attributes:

Color temperature CCT (°K): Amber 1800K, Warm white 2700K

Product description:

LED E27 SMOKE FILAMENT Bulb 8W G125 The LED E27 SMOKE FILAMENT bulb with LED filament and G125 globe in smoked gray glass is the perfect choice for those seeking decorative and cozy lighting. With a power of 8W and a luminous flux of 540 lumens, this bulb provides warm and pleasant light, ideal for any environment.

Available in two color temperatures: warm white 2700K and amber 1800K, this bulb is perfect for creating warm and comfortable atmospheres in any space. Its dimensions of Ø125x175mm make it suitable for various decorative applications, from table lamps to pendants. Additionally, it comes with a 3-year warranty, ensuring its durability and quality.

Technical Data

- **Power:** 8W
- **Luminous Flux:** 540 lumens
- **Color Temperature:** 2700K (Warm White) or 1800K (Amber)
- **Material:** Smoked gray glass
- **Dimensions:** Ø125x175mm

- **Base:** E27
- **Warranty:** 3 years

Installation Instructions

1. Preparation:

- Ensure that the electrical power is turned off before beginning the installation.
- Check that the lamp or socket where you will install the bulb is compatible with E27 bases.

2. Installing the Bulb:

- Screw the LED E27 SMOKE FILAMENT bulb into the lamp socket until it is securely fitted.
- Make sure not to force the bulb to avoid damage to the socket or the bulb itself.

3. Verification:

- Turn on the electrical power and check that the bulb lights up correctly.
- Adjust the position of the bulb if necessary to achieve the best light dispersion.

Advantages of Using LED Filament Bulbs

- **Attractive Aesthetic:** LED filament bulbs offer a classic and elegant design, perfect for vintage or industrial decorations.
- **Energy Efficiency:** They consume less energy than traditional incandescent bulbs, helping to reduce electricity bills.
- **Long Lifespan:** LED bulbs have a prolonged lifespan, reducing the frequency of replacements and maintenance costs.
- **Quality Lighting:** They provide warm and welcoming light, ideal for creating comfortable environments.
- **Versatility:** Suitable for a wide range of decorative applications, both at home and in commercial settings.

Uses and Applications

The LED E27 SMOKE FILAMENT bulb with LED filament is ideal for a wide variety of applications, including:

- **Interior Decoration:** Perfect for living rooms, bedrooms, dining rooms, and any space that needs decorative and cozy lighting.
- **Commercial Establishments:** Ideal for restaurants, cafes, bars, and shops that seek to create a warm and attractive atmosphere for their customers.
- **Hanging and Table Lamps:** Suitable for a variety of luminaires, from hanging lamps to table lamps, adding a touch of style to any space.
- **Event Decoration:** Perfect for weddings, parties, and other special events where warm and elegant lighting is essential.
- **Commercial Spaces:** Ideal for offices and other commercial spaces that seek efficient and aesthetic lighting.

With this LED E27 SMOKE FILAMENT bulb with LED filament, you can enjoy warm, welcoming, and decorative lighting, suitable for various needs both at home and in commercial environments.
