

Rigid junction connector for 8mm 230V COB LED strip

Product codes:

Reference: IL-90935-8-UND

Product features:

Power source (V): 220-240V
Colour: White
IP: IP65
Measures (mm): 15.16x35x3mm
Material: Thermoplastic
Operating temperature: -20°C ~ +40°C
Certification: CE - RoHS
Warranty: 3 años

Product attributes:

Product description:

Rigid junction connector for 8mm wide 230V COB LED strip, for solderless installation.

The quick connector allows connections on LED strips without the need for soldering, simply by inserting the LED strip and pressing the connector's locking clips until you hear a click.

The quick connector acquires IP65 characteristics when filled with transparent silicone.

Dimensions: 15.16x35.3mm
