Product codes:

Reference: SM67

Product features:

Colour: Black
Measures (mm): 670/1120mm
Material: Steel
Certification: CE - RoHS
Warranty: 2 años

Product attributes:

Product description:

Extendable Metal Bracket for LED Floodlights (60-105cm) Versatile and Adjustable Installation for LED Floodlights

The **extendable metal bracket for LED floodlights** is the perfect solution for installing LED floodlights on walls, facades, and advertising signs. Made of black lacquered metal tube, this bracket offers durability and resistance. Its telescopic design allows extension from 60cm to 105cm, providing flexibility in installation.

Simple Assembly and Precise Adjustment

The bracket is mounted using screws against the wall (screws not included). The LED floodlight is screwed to the end of the bracket thanks to the included holes, joining with the bracket of the LED floodlight itself. This allows for precise adjustment of the floodlight's orientation and angle.

Technical Specifications

- **Product Type:** Extendable metal bracket for LED floodlights
- **Material:** Lacquered metal tube
- **Color:** Black
- **Extendable Length:** 60cm to 105cm

- **Mounting:** Wall screws (not included)
- **Compatibility:** LED floodlights

Product Advantages

- **Extendable and Adjustable:** Allows length adjustment as needed.
- **Simple Assembly:** Easy and quick installation.
- **Durable Material:** Lacquered metal tube for increased resistance.
- **Precise Adjustment:** Allows for orientation and angle adjustment of the floodlight.
