

10W TOASTER Solar LED Floodlight 1100Lm IP65

Product codes:

Reference: ILU650/10W865

Product features:

Power (W): 10
Color temperature CCT: 6500K
LED: SMD2835
LED chip brand: OSRAM
Dimmable: Control Remoto
Luminous efficacy (Lm/W): 110
Brightness (Lm): 1100
CRI: +70
Colour: Black
IP: IP65
IK: IK08
Luminous angle: 140°
Measures (mm): 189x103x79mm
Material: Aluminum + PC
Operating temperature: -20°C ~ +55°C
Energy efficiency 2023: A
Lifespan: 30.000h
Certification: CE - RoHS
Warranty: 3 años

Product attributes:

Product description:

TOASTER Solar LED Floodlight 1100 Lumens The **TOASTER Solar LED Floodlight** with 1100 lumens of luminous flux is designed to offer powerful and sustainable lighting. This floodlight is the ideal choice for illuminating outdoor areas, gardens, driveways, and more without relying on the electrical grid.

- **Efficient Power of 10W:** This floodlight uses cutting-edge LED technology, providing 110 lumens per watt for bright and energy-efficient lighting.
- **OSRAM LED Chip:** Equipped with a world-renowned OSRAM LED chip, it guarantees exceptional light quality and a long lifespan for reliable, long-lasting illumination.
- **6500K Cool White Color Temperature:** Creates a modern and crisp atmosphere with cool white color temperature, perfect for enhancing visibility and safety in outdoor areas.
- **Sustainable Solar Energy:** Forget about electricity bills. This floodlight incorporates an efficient solar panel that converts sunlight into energy, powering the floodlight during the day for cost-free nighttime illumination.
- **Durable and Weather-Resistant:** Made from weather-resistant materials, this floodlight is designed to withstand harsh weather conditions, ensuring consistent performance over time.

Dimensions: 189x103x79mm

Solar panel: 180x150x18mm (4-meter cable)

Color temperature: Cool White 6500K

Main Features:

- Power: 10W
- Lumens per Watt: 110 lm/W
- LED Chip: OSRAM
- Color Temperature: Cool White 6500K
- Integrated Solar Panel: Yes
- Autonomy: Up to 72 hours (depending on solar charging conditions)
- Housing Material: Die-cast aluminum
- Protection Rating: IP65 (dust and water-resistant)
- Lighting Angle: 140 degrees
- LED Lifespan: Over 30,000 hours
- Dimensions: 189x103x79mm (floodlight) / 180x150x18mm (solar panel)
- Warranty: 3 years

Energy Efficiency:

The 10W Solar LED Outdoor Floodlight uses the latest LED technology, offering exceptional energy efficiency with 110 lumens per watt. With its independent solar panel with a 4-meter cable, it maximizes solar energy to provide sustainable lighting without relying on the electrical grid.

OSRAM LED Chip:

Equipped with an **OSRAM LED Chip**, we guarantee superior light quality and a prolonged lifespan. This industry-leading chip ensures consistent and reliable lighting, providing optimal performance in any environment.

Durable and Weather-Resistant Design:

Made from die-cast aluminum, the floodlight is weather-resistant with an **IP65 rating**, making it suitable for facing the most challenging weather conditions. Its durability and resistance guarantee consistent performance over time.

Easy and Versatile Installation:

Designed for easy installation, the floodlight fits perfectly into various outdoor locations. Adjust the lighting angle according to your needs to highlight specific areas with ease.

The **10W Solar LED Outdoor Floodlight** combines advanced technology, energy efficiency, and durability to offer a superior outdoor lighting solution. Backed by the trusted **OSRAM brand**, this floodlight guarantees optimal performance and sustainable lighting for your outdoor space. Transform your environment with powerful and eco-friendly lighting.
