

Aluminum surface BASEBOARD 2m Profile for LED Strip

Product codes:

Reference: LM3803

Product features:

Colour: White
IP: IP20
Measures (mm): 84x15x2000mm
Material: Aluminum
Certification: CE - RoHS
Warranty: 3 años

Product attributes:

Product description:

Aluminum BASEBOARD Profile for LED Strip - Indirect Lighting Elegance and Functionality for Indirect Lighting in Walkways

The **Aluminum BASEBOARD Profile** is the perfect solution to create a baseboard with indirect lighting mounted flush with the floor, ideal for subtly illuminating indoor spaces. Made from high-quality aluminum and coated in white, this profile allows for the integration of **LED strips** that cast light onto the floor, creating a warm and elegant ambiance in hallways, entryways, or walkways.

Technical Specifications

- **Dimensions:** 84x15x2000mm
- **Material:** White-coated aluminum
- **LED Strip Compatibility:** Maximum width of 10mm
- **Diffuser:** Includes opal diffuser for uniform lighting
- **Installation:** Surface-mounted flush with the floor
- **Included Accessories:** 2 side end caps and decorative front cover

Installation and Assembly

The **BASEBOARD Profile** is mounted directly to the wall with screws (not included) and features a **decorative front cover** that conceals the screws, ensuring a clean and aesthetic installation. Each profile is 2 meters long and can be easily cut with a metal saw to fit the desired length.

Advantages of the BASEBOARD Profile

- **Indirect Lighting:** Ideal for creating relaxing and elegant atmospheres in walkways.
- **Minimalist Design:** White-coated and made from high-quality aluminum for seamless integration in any space.
- **Customization:** Compatible with LED strips up to 10mm wide, and the opal diffuser ensures even light distribution.
- **Easy Installation:** Surface design with decorative cover to hide screws, ensuring a flawless finish.

Recommended Applications

The **Aluminum BASEBOARD Profile** is ideal for:

- **Hallways and entryways:** Provides subtle lighting in high-traffic areas.
- **Living rooms and bedrooms:** Delivers a cozy and elegant indirect light.
- **Commercial spaces:** Adds a decorative touch to display windows and exhibition areas.

With its high quality and functional design, the **Aluminum BASEBOARD Profile** transforms any space into a welcoming and refined environment.
