Product codes:

Reference: IL-8137-BK

Product features:

Colour: Black
IP: IP20
Material: Aluminum + PC
Certification: CE - RoHS
Warranty: 3 años

Product attributes:

Colour: Black

Product description:

Recessed Black 24x15mm Aluminum Profile with Black diffuser for LED Strips Elegant Aesthetics for Lighting Installations in Dark Environments

The **black lacquered aluminum profile** is the perfect solution for integrating LED strips in dark or elegant spaces, such as black wooden furniture or walls painted in dark tones. Thanks to its recessed design, the profile easily adapts to any surface, providing a clean and modern finish.

Black diffuser

Black Diffuser: Completely hides the LED strip when turned off, offering a clean and elegant look. When the LED strip is on, it provides soft and sophisticated lighting, reducing light output by **40%** to create a more subtle and cozy ambiance.

Includes All Necessary Accessories

The black aluminum profile for LED strips includes everything needed for installation:

- Black Diffuser
- 2 Mounting clips
- 2 End caps

Technical Specifications of the Black Aluminum Profile for LED Strips 24x15mm

- **Dimensions:** 24x15x2000mm
- **Cut-out Dimensions:** 17.2mm
- **Material:** Black lacquered aluminum
- **Diffuser:** Black
- **IP Rating:** IP20, suitable for indoor use

Advantages of the Black Aluminum Profile for LED Strips

- **Elegant Design:** Ideal for integrating into dark environments or black-toned furniture and walls.
- **Diffuser Options:** Customize the lighting to either maximize brightness or create a discreet and sophisticated effect.
- **Easy Installation:** Includes all the accessories for quick and secure indoor mounting.

Recommended Applications

The recessed black aluminum profile is ideal for:

- **Black wooden furniture:** Perfect for integrating LED strips into dark furniture.
- **Walls painted in dark tones:** Easily adapts to elegant interiors.
- **Ambient lighting:** Offers discreet and sophisticated lighting in any setting.
- **Decoration in shops and restaurants:** Adds a modern and elegant touch to these spaces.

With its versatile design and black finish, this recessed profile is the perfect choice for lighting projects that require an elegant and discreet touch.
