

MiBoxer C1 Remote Control CCT Dual White 4 zones 2.4GHz

Product codes:

Reference: C1

Product features:

Dimmable: Control Remoto
Colour: Black
IP: IP20
IK: IK08
Measures (mm): 140x38x15mm
Material: ABS
Lifespan: 25.000h
Certification: CE - RoHS
Warranty: 3 años

Product attributes:

Product description:

MiBoxer C1 Remote Control - CCT Color Temperature 2.4GHz Intuitive color temperature control for CCT LED strips

The **MiBoxer C1** is an ergonomic remote designed to easily manage the color temperature and brightness of your CCT LED strips. Its minimalist design and touch wheel allow precise adjustment of white tones, from warm to cool.

Thanks to **2.4GHz** wireless technology, you can control your LED strips up to 30 meters away, even through walls. Perfect for homes, commercial spaces, and professional lighting projects.

Main Features

- **Precise CCT control:** adjust color temperature from 2700K to 6500K and brightness.
- **Touch wheel:** intuitive interface to quickly change tones.
- **Memory function:** remembers the last settings when turned back on.
- **Automatic synchronization:** controls multiple controllers simultaneously.
- **Control range:** up to 30 meters in open spaces.

Compatibility

Compatible with the **MiBoxer CCT controller range**, including models **FUT035S**, **WL5**, and other 2.4GHz CCT receivers.

Installation and Use

- **Easy pairing:** connect the remote to your MiBoxer controller in a few steps.
- **Power supply:** operates with 2 AAA batteries (not included).
- **Daily use:** adjust color temperature, brightness, and turn lights on/off with a single remote.

Technical Data

- **Model:** C1
- **RF frequency:** 2.4GHz
- **Control range:** up to 30 meters
- **Control channels:** 4 zone
- **Compatibility:** MiBoxer CCT controllers
- **Color temperature:** 2700K – 6500K
- **Power supply:** 2 AAA batteries
- **Dimensions:** 138 x 38 x 16 mm
- **Material:** ABS

Important Note

AAA batteries are not included. This product requires a compatible MiBoxer CCT controller (sold separately). Contact our technical team if you need advice.
