18W 120cm Undercabinet T5 LED batten with Switch

Product codes:

Reference: PLRI18W-MC

Product features:

Power (W): 18
Power source (V): 100-240V
Color temperature CCT: 3000K
Color temperature CCT: 4000K
LED: SMD2835
LED chip brand: SAN'AN
Brightness (Lm): 1722
Color rendering index (Ra):: ?80
Colour: White
IP: IP20
Luminous angle: 180º
Frequency (Hz): 50-60Hz
Power factor ?: 0.90
Measures (mm): 1165x22x34mm
Material: Aluminum + PC
Operating temperature: -20ºC ~ +40ºC
Energy efficiency 2021: A+
Energy efficiency 2023: F
Lifespan: 25.000h
Certification: CE - RoHS
Warranty: 3 años

Product attributes:

Color temperature CCT (ºK): Warm white 3000K, Natural white 4000K

Product description:

T5 LED Batten 18W 120cm 1722Lm with Switch

Compact and Modular LED Lighting for Furniture and Shelves

18W1722 lumens

18W
Power1722 lumens
Luminous flux120º
Beam angle

The 18W T5 LED Batten is the ideal solution for efficient and compact indoor lighting. With a length of 1200mm and a luminous flux of 1722 lumens , this batten provides uniform lighting with no shadows or dark spots, perfect for highlighting

specific areas and adding a modern touch to any space.

Why choose this product? **Continuous and Shadow-Free Lighting**
Interconnect up to 10 battens for uniform and seamless illumination. **Flexible Installation**
Perfect for adapting lighting to any furniture length and configuration. **Energy Efficiency**
Consumes only 18W while providing powerful and cost-effective lighting. Advantages

- ? Continuous and Shadow-Free Lighting: Interconnect up to 10 battens for uniform and seamless illumination.
- ? Flexible Installation: Perfect for adapting lighting to any furniture length and configuration.
- ? Energy Efficiency: Consumes only 18W while providing powerful and cost-effective lighting.
- ? Compact Design: Reduced size for discreet integration under furniture and on shelves.
- ? Durability and Resistance: High-quality materials for a prolonged lifespan.

Installation guide

The T5 LED Batten is designed for easy and quick installation . With a direct connection to 230V , it does not require additional transformers or drivers, simplifying the setup. This model includes a switch for convenient light control.

Modular Connection for Maximum Flexibility

Thanks to its modular and connectable design, it is possible to interconnect up to 10 T5 battens with a single power point, allowing large surfaces to be lit continuously and without interruptions. Additionally, the 120cm T5 LED batten can be combined with battens of other lengths to fit any space, offering total flexibility in installation.

Package Contents

- 1 x T5 LED Batten 18W - 120cm
- Mounting kit
- Interconnection connector
- Instruction manual

Frequently asked questions **Is it suitable for outdoor use?**
With a IP20 (usage intérieur) rating, it is protected against dust and water according to its classification. **What is the warranty?**
This product comes with a 3 ans warranty. ?
