### Product description:

LED T8 Tube Mounting Clip - Pack of 2 Units Safe and Quick Installation for T8 LED Tubes

The **pack of 2 mounting clips for T8 LED tubes** is designed for simple and secure installation of LED and fluorescent tubes with a standard diameter. Made of **rigid polycarbonate**, these clips allow for a firm grip by pressure, ensuring stability and secure mounting.

Compatibility and Durable Design

These clips are exclusively designed for use with **T8 LED and fluorescent tubes**, ensuring a perfect fit and preventing unwanted movement. Their **high-quality polycarbonate** construction makes them resistant to prolonged use and temperature changes.

Technical Specifications

- **Material:** Transparent rigid polycarbonate
- **Compatibility:** T8 LED and fluorescent tubes
- **Mounting Type:** Pressure fit
- **Units per Pack:** 2 units

### Product Advantages

- **Secure Fixing:** Firm grip on the LED tube without additional tools.
- **Durable Material:** High-quality polycarbonate for long-lasting use.
- **Easy and Fast Installation:** Pressure fit mounting with no hassle.
- **Compatible with T8 Tubes:** Specifically designed for Ø26mm tubes.

### Uses and Applications

The **LED tube mounting clips** are ideal for:

- Mounting LED tubes on ceilings and walls.
- Installations in workshops, warehouses, and garages.
- Fixing LED tubes in kitchens and commercial spaces.

### Package Contents

- 2 x LED T8 Tube Mounting Clips
