Product description:

Empty Waterproof Fixture for 1 T8 LED Tube 60cm The **empty waterproof fixture** is a practical and durable solution for installing one 60cm T8 LED tube. Made from ABS plastic with a transparent polycarbonate cover, it ensures durability and protection in various conditions.

With an IP65 protection rating, this waterproof fixture is suitable for both indoor and outdoor installations, offering great resistance to moisture and dust. Additionally, it can be washed with high-pressure water, making maintenance and cleaning easier.

Features of the Empty Waterproof fixture

- **Material:** ABS plastic and transparent polycarbonate cover
- **Protection Rating:** IP65, suitable for indoor and outdoor use
- **Connection:** Allows connection at one end or both ends:
 - **One-end connection:** Place the starter fuse in the starter holder
 - **Two-end connection:** Insert the tube directly without a starter
- **Dimensions:** 660x85x95mm
- **LED Tube:** Not included

Applications of the Empty Waterproof Fixture

The **empty waterproof fixture** is ideal for a wide variety of applications, including:

- Lighting for garages and basements
- Industrial and commercial areas
- Warehouses and workshops
- Parking lots and outdoor areas
- Spaces with high humidity or dust exposure
