G13 Socket for LED Tubes with 120cm Pre-wired Cable

Product codes:

Reference: IL-2737

Product features:

Lampholder: G13
Colour: White
IP: IP20
Measures (mm): 1200mm
Material: Thermoplastic
Certification: CE - RoHS
Warranty: 3 años

Product attributes:

Product description:

G13 Socket for LED Tubes with 120cm Pre-wired Cable G13 Connector for T8 LED Tubes

The **G13 socket** is ideal for installing **T8 LED tubes** with single-end connection. This connector comes pre-wired with a **120 cm cable**, making installation and direct connection easier.

Durable and Safe Material

Made of high-resistance **thermoplastic**, the G13 socket ensures a safe and durable installation for your T8 LED tubes, providing a reliable and efficient connection.

Technical Specifications

- **Compatibility:** T8 LED tubes with single-end connection
- **Connector type:** G13
- **Material:** Thermoplastic
- **Cable length:** 120 cm

Product Advantages

- Makes the installation of T8 LED tubes with single-end connection easier.
- 120 cm cable length for greater versatility and ease of installation.
- Made of durable thermoplastic, ensuring long-lasting safety.
- Compatible with a wide range of T8 LED tubes on the market.

Applications of the G13 Socket for T8 LED Tubes

The **G13 socket** is a practical and efficient solution for installing T8 LED tubes in various environments, such as:

- Office lighting
- Warehouse lighting
- Workshop and garage lighting
- Commercial and residential installations
