

## 2W G9 S11 230V COB Glass LED Bulb

### Product codes:

Reference: G008805

### Product features:

Power (W): 2  
Power source (V): 175-260V  
Color temperature CCT: 2700K  
LED: COB  
Lampholder: G9  
Brightness (Lm): 200  
CRI: +80  
IP: IP20  
Luminous angle: 360°  
Frequency (Hz): 50-60Hz  
Measures (mm): Ø13x58mm  
Material: Glass  
Operating temperature: -20°C ~ +55°C  
Energy efficiency 2021: A+  
Lifespan: 35.000h  
Certification: CE - RoHS  
Warranty: 3 años

### Product attributes:

Color temperature CCT (°K): Warm white 2700K

### Product description:

G9 S11 2W 230V COB Bi-Pin LED Bulb Experience the efficiency of the **2W G9 S11 Bi-Pin LED Bulb**, perfect for general lighting with a 360° light dispersion.

The **G9 S11 LED Bulb** is a powerful and efficient lighting solution, with a 2W power and a 230V connection. It is equipped with a high-brightness COB LED chip that emits 200 lumens, ideal for illuminating any space with clarity and effectiveness.

This bulb offers an impressive 360-degree beam angle, ensuring uniform light dispersion in all directions. Made of glass, it not only provides an enhanced aesthetic but also ensures durability and excellent light transmission.

With a lifespan of 35,000 hours and a Color Rendering Index (CRI) above 80, this bulb is a cost-effective and long-lasting option for any home or commercial establishment. Rated IP20, it is suitable for indoor use where it is not directly exposed to water or dust.

#### Technical Data:

- Power: 2W

- Connection: 230V
- LED Type: COB
- Luminous Flux: 200 lumens
- Beam Angle: 360°
- Material: Glass
- Lifespan: 35,000 hours
- CRI: >80
- IP Rating: IP20
- Dimensions: Ø13x58mm

#### Additional Features:

- Omnidirectional lighting for complete space coverage.
- Compact and elegant design that complements any decor.
- Energy efficiency that significantly reduces electricity costs.
- Easy to install with a standard G9 connection.
- Suitable for residential and commercial use in applications such as accent, decorative, and general lighting.

#### Recommended Uses and Applications:

- Ideal for table lamps, ceiling fixtures, and luminaires where constant and uniform light is required.
- Perfect for reception areas, hallways, and open spaces in commercial settings.
- Used in home applications for kitchens, living rooms, and bathrooms where good quality light is valued.
