SMART WiFi TUYA Smart Plug 230V 16A compatible Google Home / Alexa

Product codes:

Reference: IL-LM9101

Product features:

Power source (V): 100-240V
Dimmable: Sí, App Smart Wifi
Colour: White
IP: IP20
Frequency (Hz): 50-60Hz
Material: Thermoplastic
Operating temperature: -20ºC ~ +40ºC
Energy efficiency 2021: A+
Certification: CE - RoHS
Warranty: 3 años

Product attributes:

Product description:

Switch on/off and measure consumption remotely SMART WiFi TUYA Smart Plug 230V 16A compatible Google Home / Alexa

The turns any device into a connected one: ON/OFF control, timer and via the TUYA App and voice (Alexa, Google Home). Control your devices wherever you are. Not compatible with 5G WiFi.

The **16A / 230V SMART WiFi smart plug** is compatible with the free TUYA app and voice control by Alexa and Google Home. Connect it to your home WiFi network: from then on, you control any device plugged into it, like an ON/OFF switch, wherever you are from your mobile.

Turn on the coffee maker in the morning, plug in a device before you get home, or disconnect any equipment you forgot when leaving. You can also **set a timer** and **measure the energy consumption** of connected devices. With the TUYA App, create cascading scenarios with other devices (e.g. turn on the coffee maker and the lights simultaneously). The TUYA App is not compatible with 5G WiFi networks.

Why choose this product? **? ON/OFF switch**

Control any plugged-in device, wherever you are. **? Consumption measurement**

Track energy used and set a timer. **? Voice + scenarios**
Alexa, Google Home and cascading scenes via TUYA.
