Product description:

Surface-mounted LED light with integrated 20W LED, providing a luminous flux of **1600 lumens** in neutral white 4000K.

The **STYLE 20W LED light** is made of aluminum and polycarbonate, featuring a black housing and opal diffuser for proper light distribution at 100°.

With an **IP65 rating**, the **STYLE LED light** is suitable for both indoor and outdoor installation, as it withstands humidity, rain, condensation, dust, and dirt. The **IP65 LED light** prevents the accumulation of dust or insects inside, providing clean, bright, and homogeneous **LED lighting**.

The **IK08 impact resistance rating** makes it one of the most durable **LED lights**, resistant to bumps, drops, and impacts.

Includes all mounting accessories.

Dimensions: Ø200x78mm

For installation, simply connect the 230V wiring to the terminal block accessible from the back, leaving the installation completely hidden with a perfect finish.
