

# 6W 38° GU10 Glass LED Bulb SAMSUNG Chip 660Lm

### **Product codes:**

Reference: GU10-ND6W

### **Product features:**

Power (W): 6

Power source (V): 220-240V Color temperature CCT: 3000K Color temperature CCT: 4000K Color temperature CCT: 5700K

LED: SMD2835

LED chip brand: SAMSUNG

Lampholder: GU10

Luminous efficacy (Lm/W): 110

Brightness (Lm): 660

CRI: +83 IP: IP20

Luminous angle: 38° Frequency (Hz): 50-60Hz Measures (mm): Ø50x54mm

Material: Glass

Operating temperature: -20°C ~ +55°C

Energy efficiency 2021: A+

Lifespan: 50.000h Certification: CE - RoHS

Warranty: 5 años

### **Product attributes:**

Color temperature CCT (°K): Warm white 3000K, Natural white 4000K, Cool white 5700K

# **Product description:**

LED Spotlight GU10 6W 38° SAMSUNG Chip 660Lm Discover the efficiency and energy savings with our 6W GU10 LED spotlight, equipped with SAMSUNG SMD2835 chip, offering 660 lumens and a 380 beam angle. Ideal for recessed downlights, available in warm white, neutral white, and cool white. Direct connection to 230V.

Light up your spaces with the 6W GU10 LED spotlight, designed to provide efficient and high-quality illumination. This bulb uses the SAMSUNG SMD2835 chip, known for its 110Lm/W performance, generating a luminous flux of 660 lumens. With a wide 38° beam angle, it ensures broad and uniform light distribution.

Made of glass, this bulb is robust and durable, with compact dimensions of Ø50x54mm, making it perfect for a variety of applications, including recessed downlights. Additionally, it offers a CRI>82, ensuring vibrant and natural colors.

Available in three color temperatures: warm white (3000K), neutral white (4000K), and cool white (6000K), this bulb adapts to any environment. Its IP20 protection rating makes it ideal for indoor use. Enjoy up to 80% energy savings compared to traditional halogen bulbs and a 5-year warranty. It connects directly to 230V, without the need for additional transformers.

Power: 6WBase: GU10

• Luminous Flux: 660 lumens

• LED Chip Type: SAMSUNG SMD2835

Efficiency: 110Lm/W
Beam Angle: 38°
Material: Glass

• Dimensions: Ø50x54mm

• CRI: >82

• Protection Rating: IP20

• Color Temperatures: 3000K (warm white)

Warranty: 5 yearsEnergy Savings: 80%Connection: Direct to 230V

### Installation Recommendations

The installation of the **GU10 LED bulb** is simple and quick. Simply replace your traditional halogen bulb with this LED bulb in any lamp with a GU10 base. Be sure to turn off the electricity before installation to avoid any electrical hazards. This bulb is ideal for **recessed downlights**, ensuring optimal and uniform lighting. Connect it directly to 230V without the need for additional transformers.

### Common Uses and Applications

- Homes: Lighting in living rooms, bedrooms, kitchens, and bathrooms.
- Offices: Perfect for work areas, meeting rooms, and receptions.
- Stores: Ideal for shops, displays, and exhibition areas.
- Restaurants and bars: Provides a cozy and attractive atmosphere.
- Hotels: Lighting in rooms, lobbies, and common areas.
