The **5W G9 LED bulb** is perfect for decorative and bedside lamps, thanks to its high power and high efficiency. Fitted with 24 SMD2835 LEDs, it produces bright 420-lumen lighting, ideal for improving lighting in small, precise spaces with intense, targeted light.

It is **dimmable from 40% to 100%** via TRIAC control, letting you adjust the intensity as needed or for the desired atmosphere. Its **G9 connector (two small metal clips)** makes it compatible with many modern small lamps. With a total length of 60 mm (connector included) and a 16 mm diameter, it combines functionality and design in a compact format.
