E40 to E27 Socket Adapter Accessory

Product codes:

Reference: 3858

Product features:

Lampholder: E40
Measures (mm): Ø40x30mm
Material: Thermoplastic
Certification: CE - RoHS
Warranty: 3 años

Product attributes:

Product description:

Turn a E40 socket into E27, without changing the luminaire Socket Adapter E40 to E27

The quickly turns any socket into a socket, without changing the luminaire. In flame-retardant thermoplastic and aluminium, heat-resistant, dimensions Ø40x30 mm.

Dimensions

The **E40 to E27 socket adapter** lets you quickly and easily turn any E40 socket into a E27 socket, offering great versatility in bulb installation. With this adapter, there is no need to change the whole luminaire: simply insert it to use E27-base bulbs in luminaires designed for E40 sockets.

Made of high-quality **flame-retardant thermoplastic and aluminium**, it offers great safety, good heat resistance and excellent durability. It is an economical, practical solution for adapting bulbs of different socket types, without complex work. Dimensions Ø40x30 mm.

Why choose this product? **? E40 to E27**

Easy conversion without changing the luminaire. **? Flame-retardant material**

Thermoplastic and aluminium, increased safety. **? Economical and practical**

Durable, heat-resistant, simple installation. Technical specifications Product typeSocket adapterConversionE40 to E27CompatibilityE40 socketsMaterialFlame-retardant thermoplastic and aluminiumDimensionsØ40x30 mmResistanceHeat-resistantInstallationNo tools Advantages

- **E40 to E27:** easy conversion.
- **No luminaire change:** simple insertion.
- **Flame-retardant material:** increased safety.
- **Aluminium + thermoplastic:** heat-resistant.
- **Economical:** practical, durable solution.

Recommended applications ?**E40-socket luminaires** — adaptation to E27.?**Renovations** — without changing the lamp.? **Shops and offices** — bulb versatility.?**Homes** — economical solution. Installation guide 1**Switch off the power**
Cut the supply before working.2**Insert the adapter**
Screw/insert the adapter into the E40 socket.3**Fit the E27 bulb**
Place a E27-base bulb into the adapter.4**Check**

Restore power and check the lighting. Frequently asked questions **What is this adapter for?**

To turn a E40 socket into a E27 socket, without changing the luminaire. **What is it made of?**

Flame-retardant thermoplastic and aluminium, heat-resistant. **Are tools needed?**
No, simply insert it into the socket. ?
