

## E40 to E27 Socket Adapter Accessory

### Product codes:

Reference: 3858

### Product features:

Lampholder: E40  
Measures (mm): Ø40x30mm  
Material: Thermoplastic  
Certification: CE - RoHS  
Warranty: 3 años

### Product attributes:

### Product description:

E40 to E27 Socket Adapter Accessory Easily Convert E40 Sockets to E27

The **E40 to E27 adapter accessory** allows for quick and easy conversion of any E40 socket into an E27 socket, offering great versatility in bulb installation. With this adapter, there's no need to replace the entire fixture; simply insert this accessory to use E27 bulbs in fixtures designed for E40 sockets.

#### Technical Data

- **Dimensions:** Ø40x30mm
- **Material:** Flame-retardant thermoplastic and aluminum
- **Compatibility:** E40 sockets

#### Product Advantages

- Easy conversion of E40 sockets to E27 without needing to change the fixture.
- Made of high-quality **flame-retardant material** for added safety.
- Durable and heat-resistant due to its **aluminum** and thermoplastic construction.
- Cost-effective and practical solution for adapting bulbs of different socket types.

#### Applications of the E40 to E27 Adapter

This **E40 to E27 adapter** is ideal for environments requiring flexibility in bulb usage, allowing the installation of E27 bulbs in fixtures with E40 sockets. Perfect for use in warehouses, factories, industrial, and commercial installations.
