### Product description:

Square Gray recessed ring for LED Bulb GU10/MR16 - UGR19 Elegance and Visual Comfort in Lighting

The **square gray recessed downlight ring** is ideal for installing **dichroic LED bulbs**, both **MR16** and **GU10**. Its modern and attractive design allows for creating exclusive and sophisticated environments, combining functionality and aesthetics.

Made of **high-quality thermoplastic**, this recessed trim features a gray finish that adds an elegant touch to any space. Thanks to its resistance and durability, it is an ideal option for long-term lighting projects.

High Visual Comfort with Low Glare

This ring is designed to provide **high visual comfort**, minimizing glare with a UGR19 rating. It is perfect for environments where soft and pleasant lighting is required without compromising lighting efficiency.

#### Technical Specifications

- **Ceiling Cut:** 72x72mm
- **Dimensions:** 82x82mm

- **Depth:** 35mm
- **Material:** High-resistance thermoplastic
- **Compatibility:** LED GU10 and MR16 bulbs
- **Glare Index:** UGR19

#### Product Advantages

- Modern and refined design, ideal for exclusive decorative environments.
- Made of high-durability thermoplastic.
- Low glare index for greater visual comfort (UGR19).
- Compatible with LED GU10 and MR16 bulbs.

#### Applications of the Square Gray recessed ring

This **square gray recessed ring** is ideal for lighting projects in homes, offices, and commercial spaces where elegant, efficient lighting with high visual comfort is sought. Perfect for:

- Living rooms
- Dining rooms
- Offices
- Stores and shop windows
- Hotels and restaurants
