Product description:

Tiltable Round White Recessed Downlight GU10 Ring for LED Bulb GU10/MR16 Elegant and Functional Design for Customized Lighting

This **tiltable round white recessed downlight GU10 ring** is perfect for the installation of **dichroic LED bulbs**, compatible with both **MR16** and **GU10**. Thanks to its **tiltable and adjustable** system, it allows you to adjust the light direction according to the needs of each space, making it an ideal option for highlighting decorative elements or focusing on specific areas.

Durable and Resistant Material

Made of high-quality **steel** with a **white finish**, this recessed downlight ring ensures great resistance and durability, guaranteeing a solid and aesthetic installation in the long term.

Technical Specifications

- **Ceiling Cut:** Ø70mm

- **Exterior Dimensions:** Ø90mm
- **Depth:** 25mm
- **Material:** Steel with white finish
- **Compatibility:** LED GU10 and MR16 bulbs
- **Orientation:** Tiltable and adjustable

Product Advantages

- Elegant and modern design in white, adaptable to any decorative style.
- Tiltable functionality that allows you to direct the light as desired.
- Made of durable steel, ensuring long-lasting durability.
- Easy installation in plaster ceilings or similar surfaces.
- Compatible with LED GU10 and MR16 bulbs, offering versatility in lighting choices.

Applications of the Tiltable Round White Recessed Downlight GU10 Ring

The **tiltable round white recessed downlight GU10 ring** is ideal for various indoor applications, where customizable and adjustable lighting is required. Some of its applications include:

- Living rooms and dining rooms
- Stores and shop windows
- Offices
- Hotels and restaurants
- Hallways and foyers
