Product description:

Tiltable Round Black Recessed Downlight GU10 Ring for LED Bulb GU10/MR16 Elegant and Functional Design for Customized Lighting

This **tiltable round black recessed downlight GU10 ring** is perfect for the installation of **dichroic LED bulbs**, compatible with both **MR16** and **GU10**. Thanks to its **tiltable and adjustable** system, it allows you to adjust the light direction according to the needs of each space, making it an ideal option for highlighting decorative elements or focusing on specific areas.

Durable and Resistant Material

Made of high-quality **steel** with a **black finish**, this recessed downlight ring ensures great resistance and durability, guaranteeing a solid and aesthetic installation in the long term.

Technical Specifications

- **Ceiling Cut:** Ø70mm

- **Exterior Dimensions:** Ø87x25mm
- **Depth:** 25mm
- **Material:** Steel with black finish
- **Compatibility:** LED GU10 and MR16 bulbs
- **Orientation:** Tilttable and adjustable

Product Advantages

- Elegant and modern design in black, adaptable to any decorative style.
- Tilttable functionality that allows you to direct the light as desired.
- Made of durable steel, ensuring long-lasting durability.
- Easy installation in plaster ceilings or similar surfaces.
- Compatible with LED GU10 and MR16 bulbs, offering versatility in lighting choices.

Applications of the Tilttable Round Black Recessed Downlight GU10 Ring

The **tiltable round black recessed downlight GU10 ring** is ideal for various indoor applications, where customizable and adjustable lighting is required. Some of its applications include:

- Living rooms and dining rooms
- Stores and shop windows
- Offices
- Hotels and restaurants
- Hallways and foyers
