Professional Power Supply MEANWELL 5V 40W 8A IP67

Product codes:

Reference: FAMW40W5V

Product features:

Power (W): 40
Power source (V): 5V-DC
IP: IP67
Certification: CE - RoHS
Warranty: 5 años

Product attributes:

Product description:

Professional 5V-DC LED power supply, 40W Professional MEANWELL Power Supply 5V-DC 40W 8A IP67

The converts 230V AC into direct current for your LED strips and luminaires. IP67, for indoor and outdoor. TÜV certified. 5 years warranty.

Protection

The **professional MEANWELL 5V-DC power supply** converts the 230V AC mains current into **5V** direct current, with a power of up to **40W** (8A max.). It is the ideal source for installing LED strips and luminaires running on 5V-DC.

It is silent and gives off very little heat. With an **IP67** protection rating, it is suitable for **indoor and outdoor** use. TÜV certified. 5 years warranty. Designed for demanding professional LED installations, it ensures stable, durable operation.

Why choose this product? **? 5V-DC, 40W**

Converts 230V AC for LED strips and luminaires. **? IP67**

Suitable for indoor and outdoor use. **? Silent**

Little heat, reliable operation. TÜV certified. Technical specifications Product typeLED power supply MEANWELLOutput voltage5V-DCPower40WMax. current8AInput230V ACProtectionIP67CertificationsTÜVWarranty5 yearsUseIndoor and outdoor Advantages

- **5V-DC, 40W (8A):** for LED strips and luminaires.
- **IP67:** indoor and outdoor.
- **Silent:** little heat.
- **TÜV certified:** controlled quality.
- **5 years warranty:** reliability.

Recommended applications ?**LED strips** — stable supply.?**LED luminaires** — professional source.?**Outdoor installations** — waterproof.?**Professional projects** — reliability and safety. Installation guide 1**Switch off the power**
Cut the 230V supply before wiring.2**Wire the 230V input**
Connect the 230V AC mains to the input.3**Wire the 5V-DC output**
Link the output to the LED strip or luminaire.4**Check**

Restore power and check the lighting. Frequently asked questions **What maximum power?**

Up to 40W (8A max.) at 5V-DC. **Is it suitable for outdoors?**

Yes, its IP67 rating makes it suitable for outdoors. **For which products?**
For LED strips and luminaires running on 5V-DC. ?
